

Professor **RICHARD PETER TAYLOR**  
PhD BSc (Hons) FGA DGA FNAG FIRV MAE FHEA FGS MIEW  
Consultant Jeweller: Gemmologist Valuer Diamond Expert

Skills and strengths A track record of high quality innovation is demonstrated through my commercial successes within industry, during which time my leadership and management skills were honed. I developed as an effective communicator with the ability to lead, inspire, motivate and develop the staff to meet the commercial demands of a growing company.

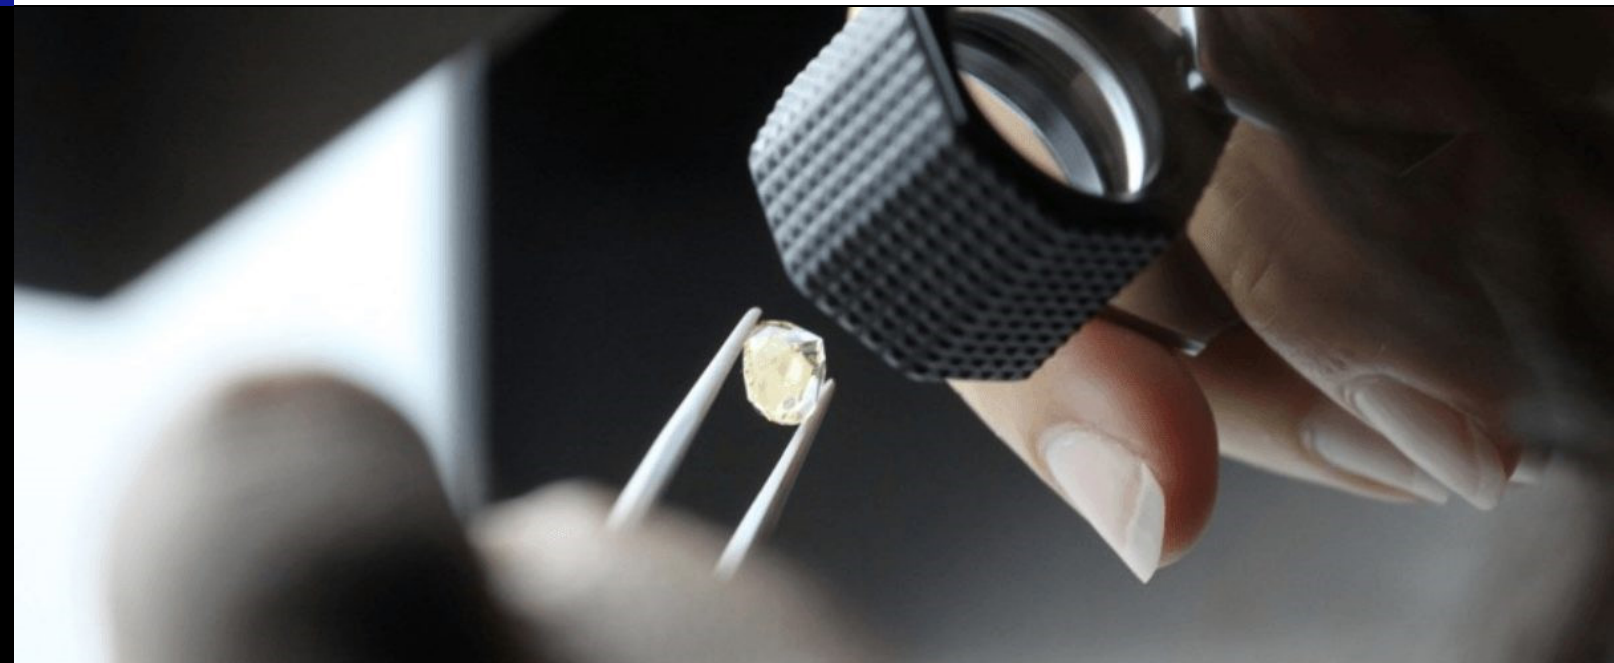

My presentation skills, strong interpersonal skills, and my ability to act as an effective facilitator were essential tools. I gained from my time in industry experience of the leadership, innovation and initiatives including staff development and support in managing change and its associated challenges.

I have a growing network of contacts with other universities, including researchers and innovation academics within their field. I am a team player at heart believing success is best achieved through collaborative and team work through enthusiasm and commitment to working together with a common goal.
